Guests: Human Impact Partners & Public Health Madison & Dane County

- Human Impact Partners website: <https://humanimpact.org/>
- HealthEquityGuide website: <https://healthequityguide.org/>
- Public Health Madison & Dane County: <https://www.publichealthmdc.com>

Let's Continue the Conversation!

Join us for this interactive experience that will provide you with an opportunity to connect and learn with leaders and members from other communities via video conference or phone. This will be a more intimate and focused discussion following the “Building a Movement for Health Equity” webinar. We encourage you to join us for the discussion group even if you were not able to participate in the January 23rd webinar (you can listen to the recording of the webinar and review the related resources on our website): <http://www.countyhealthrankings.org/webinars/past>. Together, we will:

- Engage in deep learning and exploration about building a movement for health equity.
- Connect with others who share an interest in continuing the conversation about health equity and social justice in communities around the country.

This session will provide a forum where you can ask for and inform others about key resources and strategies, share your successes, gain input and insights from other communities, and collaborate with like-minded participants.

You may join via video conference and/or phone to participate in the conversation. Use of video conference is highly recommended so you can meet others and talk face-to-face.

Please join us, and share this invitation with your partners and encourage them to join us! Space is limited – register early at Registration link:
